📍 Ethiopia , Addis Ababa

Education

2021-2025

A 3rd year computer science student at Addis Ababa University.

Skills

- **Full-stack web developer**
- **React**
- **Source Control Frame works**
- **Proficient in Agile Methodology**
- **HTML**
- **CSS**
- **Java Script/jQuery**
- **Bootstrap**
- **Node**
- **Express**
- **Skilled in RESTful API Integration**
- **MSQL/MongoDB**
- **Python**
- **C++**
- **OOP(Java)**
- **Teamwork**
- **Time Management**
- **Leadership**
- **Effective Communication**
- **Critical Thinking**

Gadisa Abdisa

Full Stack Web Developer(MERN)

I am a web developer with an amazing ability to develop websites that are both functional and aesthetically pleasing. I have a strong understanding of web standards and best practices, and I am passionate about creating websites that users will find easy to use and visually appealing. I am also proficient in a variety of programming languages and tools, and I have a proven track record of delivering successful projects on time. I am a team player who is always willing to lend a helping hand, and I am confident in my ability to contribute to any project. I am looking for an opportunity to use my skills and experience to make a positive impact on the web.

Projects

Evangadi Forum   2024

- Designed to facilitate programming-related inquiries and responses for Evangadi students.
- Implemented user authentication and authorization functionalities to ensure secure access and participation.
- Created intuitive user interfaces to streamline the posting and viewing of questions and answers.
- Incorporated responsive design principles for optimal accessibility across various devices.
- Utilized relational database management systems to store user information, questions, and answers securely.
- Project focused on enhancing user engagement and fostering a collaborative learning environment within the Evangadi community.

Amazon Clone Full-Stack App   2024

- Developed an Amazon-inspired e-commerce website leveraging Firebase database and authentication services.
- Integrated Stripe payment system to facilitate secure and seamless transactions.
- Ensured responsive design for optimal user experience across various devices.

Netflix Clone   2024

- Developed a Netflix clone using ReactJS with features resembling the popular streaming platform.
- Integrated Movie Database API to fetch movie data, including titles, descriptions, and poster images.
- Implemented React Trailer library to fetch movie trailers from YouTube for an enhanced user experience.

Hospital Management System   2023

- Utilized C++ file handling to store and manage patient records securely.
- Designed and implemented algorithms for searching and sorting patient data, optimizing performance.
- Conducted thorough testing and debugging to ensure system stability and reliability

Experience

A2SV| African To Silicon Valley   **Nov,2023-Present**

- Africa to Silicon Valley upskills high-potential university students, connects them with opportunities at top tech companies around the world, and creates digital solutions to urgent problems in their home countries.
- Actively engage in regular study sessions and discussions focused on data structures, algorithms, and problem-solving techniques.
- Collaborate with peers to tackle algorithmic challenges and enhance problem-solving skills.
- Explore various coding platforms and participate in coding competitions to apply theoretical knowledge practically.

Certificate

Full Stack Web Development in MERN

Evangadi Tech   **June 2023 - January 2024**

- Successfully completed an intensive program covering Full Stack Web Development using the MERN stack (MongoDB, Express.js, React, Node.js).
- Acquired hands-on experience in building dynamic and responsive web applications from scratch.
- Demonstrated proficiency in designing and deploying RESTful APIs, integrating databases, and implementing user authentication systems.
- Developed practical skills in front-end and back-end development, emphasizing modern web development best practices and methodologies.

Life Skills Training

Addis Ababa University   **Duration: 1 Month**

- Successfully completed a comprehensive life skills training program at Addis Ababa University.
- Developed essential life skills including communication, problem-solving, decision-making, and interpersonal skills.
- Acquired valuable knowledge and techniques for personal development, self-awareness, and emotional intelligence
